Subpart 2 – Administrative Rules
Chapter 12 – Entry Requirements

Health Requirements for Non-Human Primates[1]

117.01 All non-human primates (NHP) transferred into the State of Mississippi must have a health certificate indicating a negative test result of a tuberculin skin test within the last 30 days.

117.02 In addition, all macaques (*Macaca* spp) shall be initially tested for Herpes B virus and, thereafter, be required only in the event of a possible exposure to the virus by humans. All medical records and results of such testing shall be maintained by the permittee and made available for inspection by Mississippi Board of Animal Health personnel. Any test results indicating a positive reaction to a TB test must be reported immediately to the Mississippi Board of Animal Health, the Mississippi State Department of Health and the Mississippi Department of Wildlife, Fisheries and Parks.

Rabbits

~~117~~ 118 See General Requirements.

[1] This regulation is inconsistent with the regulation of Primates by the Mississippi Department of Wildlife, Fisheries and Parks, Public Notice Number 3523.002.
