- (g) No Changes
- (h) No Changes
- (i) No Changes
- (j) No Changes
- (k) No Changes
- (l) No Changes
- (m) No Changes
- (n) Adequate lighting shall be present in all areas of the casino floor , count rooms, and security interview rooms to enable the surveillance system to provide clear viewing and reproductions.

Section 4. Surveillance Systems: Count Rooms And Casino Cage.

- (a) No Changes:
 - (1) No Changes
 - (2) No Changes
 - (3) No Changes.
- (b) All transactions within the hard count room and soft count room must be recorded with sufficient clarity to permit identification of each employee and his movements, and to permit identification of all currency, coins, and paperwork. The soft count room shall have audio monitoring capabilities; and soft count room audio and video recordings must be retained ~~forty five (45)~~ fourteen (14) days. Hard count video recordings must be retained for ~~forty five (45)~~ fourteen (14) days.
- (c) All transactions within the casino cage, must be recorded with sufficient clarity to permit identification of each employee and his movements, and to permit identification of all currency, coins, and paperwork. The casino cage recordings must be retained for ~~thirty (30)~~ fourteen (14) days .
- (d) The surveillance department shall follow and record all gaming revenue drops, including emergency drops, and all revenue counts. Start and completion times of all revenue drops and counts shall be documented in the log required by Section 10 (b) of this regulation. At a minimum, this shall include coverage of the removal and transport of the revenue from the gambling device to the secure location on the casino floor and transportation of the revenue to the count room. Recordings of any revenue drop must be retained for ~~forty five (45)~~ fourteen (14) days.

Section 5. Surveillance Systems: Table Games And Card Rooms.

- (a) No Changes
- (b) No Changes
 - (1) No Changes
 - (2) No Changes
 - (3) No Changes

 - (1) No Changes
 - (2) No Changes
 - (3) No Changes

Section 6. Surveillance Systems: Keno Games.

No Changes:

- (a) No Changes
- (b) No Changes

Section 7. Surveillance Systems: Slot Machines.

- (a) No Changes
- (b) No Changes

Section 8. Surveillance Systems: Casino Security Offices.

The surveillance system must cover all areas of any security office wherein any persons may be detained, questioned, interviewed or interrogated by casino security officers. Security office coverage must include both audio and video, be recorded at all times that a person is detained, questioned, interviewed or interrogated therein, and the signal must terminate in the surveillance room. The recordings must be retained by the licensee for at least ~~forty-five (45)~~ fourteen (14) days after the recorded event. In each office or room covered by this section, a sign must be conspicuously displayed which states that the area is under constant audio and video surveillance.

Section 9. Casino Surveillance System Equipment Malfunctions.

- (a) No Changes
- (b) Each malfunction of the surveillance system must be repaired within 24 hours of the malfunction. ~~If repair is not completed within 24 hours, the licensee shall immediately submit a written report to the Executive Director that sets forth the reason for the delay in repair. The report must be retained, in a format approved by the Executive Director, by the licensee for at least 5 years after submission to the Executive Director. The Executive Director may in his discretion order that all activity in the area affected by the~~

~~malfunction be suspended pending repair if adequate alternative coverage cannot be provided. If, after 24 hours, activity in the affected area cannot be monitored, the game(s) or machine(s) shall be closed until such coverage can be provided. A record of all malfunctions shall be kept and reported to the Executive Director each day. In the event of a dedicated coverage malfunction, the licensee must immediately provide alternative camera coverage or other security measures that will protect the subject activity. If other security measures are taken, the licensee must immediately notify the Executive Director. The Executive Director may, in his discretion, determine whether the other security measures are adequate. Further, all activity in the area(s) affected by the malfunction will be suspended pending repair if adequate alternative coverage cannot be provided.~~

Section 10. Surveillance System Recording Requirements.

- (a) No Changes
- (b) No Changes
- (c) No Changes
- (d) No Changes
- (e) Every licensee must retain all videotape recordings for at least ~~ten (10)~~ fourteen (14) days after the recording is produced, unless a ~~longer~~ shorter time period is ~~required~~ allowed by another section of this regulation, or by order of the Executive Director, the Commission or a court of competent jurisdiction.
- (f) Every recording made by surveillance personnel, including specific activity recorded on working monitors, must be entered into the log required by Section 10(b) of this regulation with the following information: the date, the time period of the recording, the areas covered by the recording, and the corresponding monitor and ~~tape~~ video recording number. The log shall be signed by the person who made the recording, by no later than the end of the shift during which the recording was made.
 - (1) Recordings from dedicated camera coverage shall be detailed on a list that shall include camera number, area of coverage and the corresponding ~~videotape~~ video recording number on which the recording can be found.
 - (2) Recordings from a PTZ camera shall be detailed by listing the camera number, a description of the scene depicted therein and the corresponding ~~videotape~~ video recording number on which the recording can be found.
- (g) All recordings must be made in a format approved by the Executive Director ~~and shall be made at a minimum of 24 frames per second. Recordings produced pursuant to the provisions of Sections 3(k) and 7(a) of this regulation may be made in a time lapse recording mode at a minimum of 2 frames per second.~~

Section 11. Surveillance System Plans; Alterations To Surveillance System.

- (a) No Changes
- (b) No Changes

(c) No Changes
