## **SMALL MUNICIPALITIES AND LIMITED POPULATION COUNTIES GRANT PROGRAM (SM)**

The Mississippi Small Municipalities and Limited Population Counties Grant Program, administered by the Mississippi Development Authority (MDA), is designed for making grants to small municipalities and limited population counties or natural gas districts ("Local Sponsors") to finance projects to promote economic growth in the State of Mississippi ("State"). Funding for grants to Local Sponsors is derived from appropriations or funds otherwise made available by the State Legislature.

### **ELIGIBILITY**

A small municipality or a limited population county must submit an application to MDA.

An eligible municipality, county and gas district are defined as follows:

- Small Municipality – a municipality with a population of 10,000 or less, according to the most recent federal decennial census, at the time the application is submitted by the municipality.
- The county submits Limited Population County – a county with a population of 30,000 or less, according to the most recent federal decennial census, at the time the application.
- Natural Gas Districts – districts created by law and meeting the same requirements as small municipalities.

### **ELIGIBLE PROJECTS**

- Eligible projects financed with Mississippi Small Municipalities and Limited Population Counties Grant Program funds must be publicly owned.
- All contracts and purchases must be made in accordance with normal bid and purchase laws of a municipality or county.

Eligible projects include, but are not limited to:

- Drainage systems;
- Utilities such as water supply systems and gas supply systems;
- Sewer systems (pipe treatment);
- Transportation facilities directly affecting the site, including roads, bridges, rail lines, or pipelines;
- Marine structures;
- Land purchases and improvements;
- Airfield and Airport improvements;
- Acquisition and improvements of buildings

Eligible Projects shall have a direct connection to economic development or aid in the creation of jobs.

### **KEY POINTS**

- Mississippi Small Municipalities and Limited Population Counties Grant Program funds may not be used for working capital, for general expenditures, which would normally be covered under a local sponsor general operation budget, or for administrative expenses.
- A limited amount of funds may be used for engineering/architectural cost.

- The amount of these professional services will be limited to an amount not to exceed 10% of the Small Municipalities and Limited Population Counties grant award amount.
- The Small Municipality and Limited Population County Grant Program is a competitive program.
- As such, all funds awarded must be spent for improvements within the scope of the original project description as stated in the grant application.
- Additionally, if grant recipients complete their project for less than the grant amount awarded, the excess funds can be requested for additional project work as long as there is no change from the scope of the original project. (i.e. further extension of a water/sewer line into an industrial park.)
- In no case, however, will an approved applicant be allowed to use excess grant funds to pay for project costs that vary from the original project description.
- All requested changes and variances from the original application should be made in writing and will be reviewed by MDA on a case-by-case basis.

### **HOW TO APPLY FOR PROGRAM**

To apply for the Small Municipalities and Limited Population Grant Program, a completed application that is submitted by a Local Sponsor must include:

- Purpose of the proposed grant including a list of eligible items and the cost of each;
- The estimated cost of the total project, a description of the Local Sponsor's investment in the project, and all public or private sources of funding that have been secured and that will be utilized exclusively for the project;
- Time schedule for implementation and completion of the project, evidencing an expeditious completion of the project;
- A statement that the specific improvements are necessary for economic development or job creation;
- Engineering documentation;
- Current employment levels at the project site and estimated increase, if any, as a result of financing the project; and
- Copy of the Local Sponsor's resolution of authorization to apply for grant funds.
- One (1) copy of the application must be submitted to the Financial Resources Division of MDA, Small Municipality and Limited Population County Grant Program, PO BOX 849, Jackson, Mississippi 39205 or hand-delivered to the 6th floor of the Woolfolk Office Building.
- It should be noted that the Executive Director of "MDA" might in his discretion commit grant funds to projects prior to the application deadline.
- Such commits would be made only if a specific project is involved and timing of the grant award would have a direct effect on the location or expansion of the project

### **Grants (General Grant Terms)**

- The program intent is to stimulate growth and economic development in small communities in the State.
- The maximum grant amount, which may be awarded to any one Local Sponsor, will be \$150,000.
- The amount of each grant awarded will be based on population, ability of the community to participate in the project, the degree of need for the improvements, the lack of availability of other funding sources, the timeframe required to perform the improvements, the economic impact of the project on the community, and other criteria MDA develops.
- Each application will be evaluated on it's own merit to meet the intent of the program.

**Conditions for Disbursement of Funds**

- A Grant Agreement will be executed between the Local Sponsor and MDA.
- The Grant Agreement must be signed within six months of the Grant Award Date.
- The Grant Agreement cannot be executed until all required conditions in these guidelines have been met and all documentation received.

**Reimbursement Process**

- MDA will release Mississippi Small Municipalities and Limited Population Counties Grant Program funds for services rendered, or on a reimbursement basis, for approved eligible costs of the project as incurred.
- The Local Sponsor shall certify to MDA during construction that the expenses were incurred and were in accordance with the plans and application approved by MDA.
- Funds will be released upon receipt of the Mississippi Small Municipalities and Limited Population Counties Grant Program Form of Requisition and supporting documentation from the Local Sponsor.
- Funds may not be drawn down more frequently than monthly.
- Local Sponsors have one year from the date of the Grant Agreement to request reimbursement for Mississippi Small Municipalities and Limited Population Counties Grant Program project costs.

**STATUTE**

The Small Municipalities and Limited Population Grant is authorized under Section 57-1-18 et seq., MS Code, Annotated.
