

Proposed Revision to Rule 9.10-2. **Evaluation of Experience – Surveying**

2. Experience in surveying must be verified by the following exhibits:
 - A** - a plat of a metes and bounds survey based on the GLO system, pertaining to property located in Mississippi, performed within the most recent two year, in compliance with the Board's current surveying standards of practice, in which the applicant had a significant part in preparing.
 - B** - a written description of how the applicant researches property line surveys.
