

## 9.01 Evaluation of Experience - General, All Applicants

1. **Concurrent Time** - Concurrent time, that is, time spent in engineering or surveying work while attending school, will be credited either as education experience or work experience, but not as both; provided, however, engineering students who complete a formal cooperative engineering education program will be granted six (6) months of experience credit.
2. **Military Experience** - Military experience ,to be creditable, must have been spent in engineering and/or surveying and of a character equivalent to that required in the civilian sector in like work.
3. **Anticipated Experience** - Experience must not be anticipated, that is, the application must not be postdated. The experience must have been acquired at the time the application is submitted.
4. **Actual Work Experience for Initial (first time) Licensure Applicants**
  - a. Qualifying professional engineering experience must be obtained under the supervision of a licensed professional engineer.
  - b. Qualifying professional surveying experience must be obtained under the supervision of a licensed professional surveyor.
  - c. When the Board has sufficient documentation that engineering and surveying experience has been accrued simultaneously, in order to achieve licensures as both a professional engineer and a professional surveyor, a minimum of 5.5 years of experience will be required.

If the experience was not obtained under the direct supervision of a licensed professional engineer or professional surveyor, then the indirect supervision must be satisfactorily explained with respect to the degree and type of supervision received.

~~The Board will obtain verification of work experience from employers and/or supervisors.~~

**5. Actual Work Experience for Comity Licensure Applicants**

- a. Professional Engineer applicants for comity licensure who have been licensed and practicing for ten years or more may submit experience verification forms from Professional Engineers who are associates, peers, and co-workers.
- b. Professional Engineer applicants for comity licensure who have been licensed and practicing for less than ten years must submit experience verification forms from Professional Engineer supervisors who had review and approval authority over the applicant's work.
- c. Professional Surveyor applicants for comity licensure who have been licensed and practicing for ten years or more may submit experience verification forms from Professional Surveyors who are associates, peers, and co-workers.
- d. Professional Surveyor applicants for comity licensure who have been licensed and practicing for less than ten years must submit experience verification forms from Professional Surveyor supervisors who had review and approval authority over the applicant's work.
- e. If the comity licensure applicant's experience cannot be verified and documented in accordance with the four procedures listed above, the Board may deny licensure, or, in the alternative, may require substantial additional documentation to verify the applicant's qualifying experience to the Board's satisfaction.
