Explanation of the Purpose of the Proposed Rule and the reason(s) for proposing the rule:

The Mississippi Oil and Gas Board proposes to amend Statewide Rule 8 by adding the following Paragraph 6 (changes noted by bold print):

6. **The drilling unit created for a gas well under this rule or any Special Field Rules shall remain in force and effect for the period of time set forth below.**
 - (a) **The unit shall automatically terminate at the time the drilling permit for such well terminates.**
 - (b) **The unit shall automatically terminate when the well is plugged or converted to a Class II well, unless an earlier termination occurs by an order of the Oil and Gas Board or by provisions of sub-section (d) below.**
 - (c) **Once drilling operations have commenced, the unit shall remain in force and effect for so long as such drilling operations or ensuing production operations continue.**
 - (d) **If a well is placed on inactive well status by filing Form 9-A, the unit for the well will continue in force and effect for two years from and after the date the well was first required to be reported as an inactive well or until July 1, 2008, whichever is later.**
 - (e) **Wells subject to a field-wide unit shall be governed by the terms of the unit agreement.**
 - (f) **Exception to these limitations may be granted by the Oil and Gas Board for good cause after notice and hearing.**

The addition of Paragraph 6 to Statewide Rule 8 is to clarify when a unit for a gas well terminates.
