

Chapter 16 Laser Devices

- 100 The use of laser, pulsed light or similar devices, either for invasive or cosmetic procedures, is considered to be the practice of medicine in the state of Mississippi and therefore such use shall be limited to physicians and those directly supervised by physicians, such that a physician is on the premises and would be directly involved in the treatment if required. These rules and regulations shall not apply to any person licensed to practice dentistry if the laser, pulsed light, or similar device is used exclusively for the practice of dentistry.
