PUBLIC NOTICE OF INTENT No. F13-3424(I)

TO: The Honorable Eric Clark
Secretary of State
Post Office Box 136
Jackson, MS 39205

AND
ALL INTERESTED PERSONS

The Mississippi Commission on Wildlife, Fisheries and Parks at a meeting in Jackson, Mississippi on January 23, 2008, under authority of Section 25-43-7, Mississippi Code of 1972, made known its intent to adopt the following size and creel limits on sport fish and lake closures/openings. This was done under authority of Sections 49-7-41 and 49-1-29, Mississippi Code of 1972.

Be it ordered that Public Notice F12-3424a and F-3790 hereby amended and all regulations below are adopted.

Statewide creel limits on game and sport fish are as follows:

Species	Creel Per Day
Black Bass (combined largemouth, spotted and smallmouth)	10
Sauger	15
Walleye	3
Striped Bass and Hybrids with 15" minimum size	6 *
Crappie (combined black and white)	30 *
Bream (combined bluegill, redear and other sunfish)	100
Alligator Gar	2
Paddlefish	2 **

* Creel limits for crappie, striped bass, and striped bass hybrids in waters touched by the state boundary (border waters) shall be that of the adjacent state, or the Mississippi limit, whichever is greater.

** Paddlefish greater than 30" must be immediately released when caught sport fishing in Mississippi. Paddlefish are measured from the back of the eye to the fork of the tail. No paddlefish harvest is allowed in the Tenn-Tom Waterway, Tombigbee River or its tributaries and Pickwick Lake.

Harvest and possession of all sturgeon species (Alabama, Atlantic, Pallid and Shovelnose) are prohibited in all Mississippi waters.

Be it ordered that the correct method for measuring fish and the definitions for length limits are as follows:

Correct Method for Measuring Fish Length

Fish measurements for length limit regulations shall be taken with the total length being measured using a flatboard with fish mouth closed and tail squeezed together to give the maximum over-all measurement. Paddlefish are measured from the back of the eye to the fork of the tail.

Minimum Length Limit (MLL)

All fish on or less than the regulated size length in inches must be returned to the water immediately after capture and may not be in possession on the designated waters. All fish over the minimum length limit in total length may be kept not to exceed the legal daily creel limit.

Maximum Length Limit (MAXLL)

All fish on or more than the regulated size length in inches must be returned to the water immediately after capture and may not be in possession on the designated waters. All fish under the maximum length limit in total length may be kept no th exceed the legal daily creel limit.

Slot Length Limit (SLL)

All fish on or between the designated range of lengths in inches must be returned to the water immediately upon capture and may not be in possession on designated waters. All fish shorter than the lowest length limit and all fish longer than the highest length limit may be kept not to exceed the legal daily creel limit.

Be it further ordered until such time that it is amended by the Commission, the following MLL and creel limit regulations shall be in effect for crappie (combined black and white crappie):
