

MISSISSIPPI DEPARTMENT OF WILDLIFE, FISHERIES AND PARKS  
1505 EASTOVER DRIVE  
JACKSON, MISSISSIPPI 39211-6374

PUBLIC NOTICE LE4-2280

The Mississippi Commission on Wildlife, Fisheries and Parks, at a meeting in Jackson, Mississippi on June 30, 2005 under authority of §25-43.3.103 Mississippi Code of 1972, made known its intent to, and thirty days thereafter did, adopt the following regulations concerning primitive weapons. This was done under authority of §§ 49-7-31, 49-7-38 and 49-7-41, Mississippi Code of 1972.

Public Notice LE3-2280 is hereby amended and the following rules and regulations are adopted.

“Primitive firearms” for the purpose of hunting deer, are defined as single or double barreled muzzle-loading rifles of at least .38 caliber; single shot, breech loading, cartridge rifles (.35 caliber or larger) and replicas, reproductions or reintroductions of those type rifles; and single or double-barreled muzzle-loading, shotguns with single ball or slug. All muzzle-loading Primitive Firearms must use black powder or a black powder substitute with either percussion caps or #209 shotgun primers or flintlock ignition. Breech loading single shot rifles must have exposed hammers and use metallic cartridges.

For the purposes of this Public Notice, a ‘black powder substitute’ is defined as a substance designed, manufactured and specifically intended to be used as a propellant in muzzleloading or other black powder firearms, excluding modern smokeless powder.

The rifle type and caliber restrictions, set forth above, shall not apply to youths age 15 years and under, who are hunting during any Youth Hunting Season as set by the Commission. Youths hunting during special youth hunting seasons may carry and use any rifle with which they can safely hunt, and in compliance with other applicable laws, rules and regulations.

The requirement to purchase and possess a separate crossbow, archery and/or primitive weapon hunting license, as set forth in MISS. CODE ANN. §49-7-37(6), shall apply during the special open seasons for hunting deer with bow and arrow, crossbow and/or primitive firearms as set forth in MISS. CODE ANN. §49-7-31. Nothing contained herein shall be construed as prohibiting the use of a primitive firearm, with or without telescopic sights, or bow and arrow, for the hunting of deer during the regular open gun season(s) for deer, or as a requirement for having the separate primitive firearm license at any time except during the special open season for primitive weapons. However, only bow and arrow or a primitive firearm, as defined herein, and crossbows (as set forth in MISS. CODE ANN. §49-7-31). No firearms, primitive or otherwise, or crossbows (by GENERAL licensees) may be used for the hunting of deer during the special open season(s) for hunting deer with bow and arrow as set forth in MISS. CODE ANN. §49-7-31.

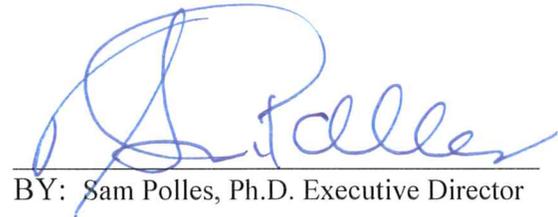

Anyone wishing to comment on the above proposed action may do so in writing to the Executive Director, Miss. Dept. of Wildlife, Fisheries and Parks, 1505 Eastover Dr., Jackson, MS 39211 no later than June 6, 2008.
