METHODS AND STANDARDS FOR ESTABLISHING PAYMENT RATES - OTHER TYPES OF CARE

6d. Other Practitioners' Services:

Nurse Practitioner and Physician Assistant Services: Reimbursement for nurse practitioner and physician assistant services shall be at 90% of the fee for reimbursement paid to licensed physicians under the statewide physician fee schedule for comparable services under comparable circumstances.

Nurse practitioner and physician assistant services for EPSDT beneficiaries, if medically necessary, which exceed the limitations and scope for Medicaid beneficiaries, as covered in this Plan, are reimbursed according to the methodology in the above paragraph.

Pharmacy Disease Management Services: The pharmacy disease management services are reimbursed on a per encounter basis with an encounter averaging between fifteen and thirty minutes. The reimbursement is a flat fee established after reviewing Medicaid's physician fee schedule and reimbursement methodologies and fees of other states and third party payers.

The Division of Medicaid, as required by state law, shall reduce the rate of reimbursement to providers for any service by ten percent (10%) of the allowed amount for that service.

Notice of Proposed Rule Adoption

State of Mississippi Office of the Governor Division of Medicaid

Economic Impact Statement For Nurse Practitioner and Physician Assistant Providers

The Executive Director of Medicaid is required by law to recommend expenditure containments when expenditures are expected to exceed funds available for any fiscal year. Medicaid is facing a \$90,000,000 shortfall in state revenues for FY2009; therefore, certain cost containment measures have been identified as necessary to balance Medicaid's budget. These measures include reducing certain non-institutional providers an additional 5% reduction in reimbursement in addition to the 5% reduction as outlined in Miss. Code Ann. § 43-13-117 (1972 as amended).

It is estimated that it will cost the Division of Medicaid approximately \$5,000 to enforce the increased reduction in payments to providers. This includes system changes and staff time.

An estimate of the total economic impact for nurse practitioner and physician assistant providers, including small business providers, is noted in the chart below. The total economic impact for providers in State FY 2009 is equal to the sum of federal and state savings noted in the chart below. The Division of Medicaid estimated the impact utilizing the actual and estimated expenditures for the same services for FY2008.

FFY2008 Federal Savings	FFY2008 State Share Savings	FFY2009 Federal Savings	FFY2009 State Share Savings
\$ 144,076.30	\$ 44,777.15	\$ 859,358.75	\$ 273,761.97

The Division of Medicaid is facing a \$90,000,000 shortfall in state revenues for FY2009. If this cost containment measure is not enacted, there will not be sufficient revenues to reimburse providers for the entire year.

State law limits cost containment measures that may be taken and precludes the Governor from changing eligibility or benefits; therefore, the only option is to reduce expenditures is to reduce payment.
