This permit is required in addition to the daily visitor use permit and any required license and may be purchased wherever licenses are sold.

BAG LIMITS: Same as statewide bag limits, EXCEPT during permit hunts on deer when the limit is one legal buck per hunt.

PERMIT STATIONS: All visitors must obtain a DAILY VISITOR USE PERMIT card from a self-service permit station. Parts A and B of this permit must be legibly filled out before using the WMA. Part A of the permit must be deposited in the return box at a permit station before using the WMA. Part B must be displayed on the dash of the vehicle so that the name, address, and date are visible from outside the vehicle. Permits are invalid if not properly dated or if date has been changed. Before leaving the WMA, visitors must complete the reverse side of Part B of the permit and deposit it in the return box at a permit station. All deer hunters must check in and out at the permit station located at the WMA headquarters. It is the responsibility of the Area Manager and other Agency personnel to have permit cards completed.

DEER DATA COLLECTION: All deer harvested must be checked at the WMA Headquarters by the hunter who harvested them before leaving the WMA. If WMA personnel are not available to check the deer, the hunter is responsible for collecting and legibly recording ALL biological data. Instructions and equipment will be provided.

DEER HUNTING PERMITS: Deer hunting, except for the youth gun hunt and the Jan. archery hunt, is allowed by special permit only. Hunters may apply for permitted deer hunts on no more than 3 WMAs statewide during the 2009-10 season. SPECIAL BUCK TAGS: For research purposes, a limited number of special buck tags which allow the harvest of 1 buck per year with at least one unforked antler will be available for hunters. It is the hunter's responsibility to check on the availability of Special Buck Tags. If available, tags may be acquired at the WMA headquarters or at the self-service deer check station. After harvest of a qualifying buck, hunters must retrieve a tag and attach it to the buck before leaving the WMA. An unforked antler is defined as a main beam with no other points or broken points.
