2.2.6. Time and place of CPA examination: The Board shall notify candidates of their eligibility and notice eligible candidates to schedule within the required time period and with an approved test site identified by the Board. 2.2.10. Examination Grades, Conditioning, Reexamination:

(a) The Board shall notify CPA examination candidates in writing of examination results. The passing grade for each test section is 75.

(b) The Board may use the Uniform Certified Public Accountant Examination and advisory grading service and may rely solely upon grades assigned to examination papers by that body.

~~(c) Prior to the implementation of the computer-based examination (paper and pencil examination), candidates were required to sit for all test sections except that a candidate who retained conditional credit from a prior examination had to sit only for the remaining sections. Conditional credit was given to candidates who passed any two sections of the examination, providing that no grade lower than 50 was received on any of the remaining sections. These conditional credits may be retained as described in Sections 2.2.10.(e) & (f).~~

(c) Upon the implementation of the computer-based examination, a A candidate may take the required test sections individually and in any order. Credit for any test section(s) passed shall be valid for eighteen months (six examination windows as described below) from the actual date the candidate took that test section, without having to attain a minimum score on any failed test section(s) and without regard to whether the candidate has taken other test sections.

# RULES AND REGULATIONS

## Chapter 2. Licenses and Practice Privileges

- (1) Candidates must pass all four test sections of the Uniform CPA Examination within a rolling eighteen-month period, which begins on the date that the first test section(s) passed is taken. ~~(However, during and for the initial year of implementation only the Board may at a regularly scheduled Board meeting set the rolling period to longer than eighteen months to facilitate fair implementation of this provision.)~~
  - (2) Candidates cannot retake a failed test section(s) in the same examination window. An examination window refers to a three-month period in which candidates have an opportunity to take the CPA examination (comprised of two months in which the examination is available to be taken and one month in which the examination will not be offered while routine maintenance is performed and the item bank is refreshed). Thus, candidates will be able to test two out of the three months within an examination window.
  - (3) In the event all four test sections of the Uniform CPA Examination are not passed within the rolling eighteen-month period, credit for any test section(s) passed outside the eighteen-month period will expire and that test section(s) must be retaken.
- ~~(e) Candidates having earned conditional credits on the paper-and-pencil examination, as of the launch date of the computer-based Uniform CPA Examination, will retain conditional credits for the corresponding test sections of the computer-based CPA examination as follows:~~

<u>Paper-and-Pencil Examination</u>	<u>Computer-Based Examination</u>
Auditing (AUDIT)	Auditing and Attestation
Financial Accounting and Reporting (FARE)	Financial Accounting and Reporting
Accounting and Reporting (ARE)	Regulation

~~(f) Transition Period:~~

~~(1) Candidates who have passed sections and attained conditional status as of the launch date of the computer-based Uniform CPA Examination will be allowed a transition period to complete any remaining test sections of the CPA examination. The transition is either (1) the number of remaining opportunities under the previous rules and regulations applicable to the paper-and-pencil examination; or (2) the number of remaining opportunities under the paper-and-pencil examination, multiplied by six months; whichever is first exhausted.~~

~~(2) If a previously conditioned candidate does not pass all remaining test sections during the transition period as described in Section 2.2.10.(f)(1), conditional credits earned under the paper-and-pencil examination will expire and the candidate will lose that credit. Any test section(s) passed under the computer-based CPA examination during the transition period will expire under the normal conditioning provisions of the computer-based examination as described in Section 2.2.10.(d), except that a previously conditioned candidate will not lose conditional credit for a test section of the computer-based examination that is passed during this transition period, even though more than eighteen months may have elapsed from the date the test section is passed, until the end of the transition period.~~

(d) The Board may in particular cases extend the term of conditional credit validity notwithstanding the requirements of subsections above, upon a showing that the credit was lost by reason of circumstances beyond the candidate's control.

(e) A candidate shall be deemed to have passed the Uniform CPA Examination once the candidate holds at the same time valid credit for passing each of the four test sections of the examination. For purposes of this section, credit for passing a test section of the computer-based examination is valid from the actual date of the testing event for that test section, regardless of the date the candidate actually receives notice of the passing grade.

A candidate who applies for a transfer of any credits from another state shall file an application acceptable to the Board and pay the required fee.

2.2.12. Cheating:

- (a) Cheating by a candidate in applying for, taking or subsequent to the examination will be deemed to invalidate any grade otherwise earned by a candidate on any test section of the examination, and may warrant summary expulsion from the test site and disqualification from taking the examination.
- (b) For purposes of this rule, the following actions or attempted activities, among others, may be considered cheating:
  - (1) Falsifying or misrepresenting educational credentials or other information required for admission to the examination;

  - (c) In any case where it appears that cheating has occurred or is occurring, the Board or its representatives may either summarily expel the candidate involved from the examination or move the candidate to a position in the test center away from other examinees where the candidate can be watched more closely.
  
  - (d) In any case where the Board believes that it has evidence that a candidate has cheated on the examination, including those cases where the candidate has been expelled from the examination, the Board shall conduct an investigation and may conduct a disciplinary hearing following the examination session for the purpose of determining whether or not there was cheating, and if so what remedy should be applied. In such proceedings, the Board shall decide:
    - (1) Whether the candidate shall be given credit for any portion of the examination completed in that session; and
  
    - (2) Whether the candidate shall be barred from taking the examination and if so, for what period of time.
  
  - (e) In any case where the Board or its representative permits a candidate to continue taking the examination, it may, depending on the circumstances:

~~Upon introduction of a computer-based examination, Notify the National Candidate Database and the AICPA and/or the test center of the circumstances, so that the candidate may be more closely monitored in future examination sessions.~~

- (f) In any case in which a candidate is refused credit for any test section of an examination taken, disqualified from taking any test section, or barred from taking the examination in the future, the Board will provide to the Board of Accountancy of any other state to which the candidate may apply for the examination information as to the Board's findings and actions taken.

2.2.13.
