EDUCATOR LICENSURE

20. Approval to change to the Licensure Guidelines for the Three - Year Interim Certificate to extend the license for Speech/Language Clinicians (215 license) and Emotional Disability (206) for One Additional Year (Has cleared the Administrative Procedures Act process with no public comment)

Background:

The Office of Educator Licensure is recommending a change to the current licensure guidelines for the Three-Year Interim Certificate for Speech/Language Clinician (215). The license is requested by the local school district on an emergency basis to fill a teaching position in which there is not certified candidate. The current Three-year Interim Certificate policy cannot be renewed. The Office of Educator Licensure is requesting the change because of the shortage of qualified Speech Clinicians.

All fields of Special Education remain the most critical areas to staff for our school districts. Each year, we have many districts that request emergency certification to fill vacancies in Special Education classes. Of the Special Education areas, Speech Pathology and Emotional Disability are the two most critical areas because certification for these both requires that candidates hold a masters degree in the subject. Masters programs in both Speech Pathology and Emotional Disability are extremely rare in our state and admission requirements are difficult. At this time, we have no provision in licensure guidelines for teachers that hold bachelor's degrees in these specialized areas to become certified. Because districts cannot find certified teachers to conduct these services, many districts must rely on emergency licensed teachers that hold at least a bachelor's degree and are working toward the masters.
