

**Part 100 Chapter 65 Earned Compensation for the Public Employees' Retirement System of Mississippi**

**101 Purpose**

The purpose of this regulation is to further define the term "earned compensation" for purposes of reporting compensation to the Public Employees' Retirement System of Mississippi (PERS).

**102 Statutory Definition**

Except as otherwise provided by law, the term "earned compensation" means the total amount earned during a fiscal year by an employee including any maintenance furnished not to exceed the employee compensation limit set pursuant to Section 401(a)(17) of the Internal Revenue Code for the calendar year in which the fiscal year begins and proportionately for less than one (1) year of service. The intent of this definition is to limit earned compensation to the regular periodic compensation paid to an employee, except as otherwise specifically provided by law.

**103 Employment with more than one covered employer**

Earned compensation shall include wages from a second position if the second position is independently covered under PERS or if the second position is less-than half-time but would otherwise be covered independently if the employee worked the requisite number of hours as required in PERS Board Regulation 36. Conversely, where a position is expressly excluded by law or where the position is expressly excluded by Joinder Agreement, wages from the second position should not be reported to PERS. In no case is compensation paid to an individual as an independent contractor reportable to PERS as earned compensation.

**104 Exclusions from the term "earned compensation"**

The term earned compensation does not include the following:

1. amounts paid by an employer for health or life insurance premiums or the value of such benefits;
2. litigation fees;
3. bond fees;
4. other similar nonrecurring payments;
5. amounts in excess of the lump sum payment for unused leave upon termination from employment as authorized under state law;
6. payments not authorized by law, including but not limited to:
  - a. the value of personal use of automobile or automobile allowance;
  - b. the value of personal use of employer provided cell phones or reimbursement for business use of a personal cell phone;
  - c. the value of personal use of employer provided internet or reimbursement for business use of personal/home internet;
  - d. monetary awards, honorariums, or bonuses;
  - e. amounts paid in excess of statutory limitations set on salaries; and
  - f. retroactive pay increases, other than bona fide administrative errors;
7. any form of severance or termination pay, other than lump sum payments for leave upon termination from employment as authorized under state law;
8. any additional compensation received in anticipation of retirement, such as early retirement incentives, reduction in force programs, or retroactive payments;
9. reimbursed travel expenses, whether taxable or not;
10. cash remuneration, if any, selected by an employee in lieu of medical or other insurance benefits within the salary averaging period before retirement; and
11. other employer paid fringe benefits, including, but not limited to:
  - a. educational assistance;

- b. dependent care assistance; and
- c. transportation benefits.

**105 Reporting of Maintenance**

The definition of “earned compensation” includes the value of either cash or non-cash maintenance furnished in accordance with the maximum reportable allowances set in PERS Board Regulation 33. Where maintenance was not properly reported when furnished, the employee and employer shall have underreported the earnings of the affected employee and service credit for the underreported period(s) shall not be available until proper contributions and interest, if applicable, on the value of maintenance are made to PERS.

**106 Reportable income for Constables**

In the case of constables, the net earnings from their office after deduction of expenses shall apply, except that in no case shall earned compensation be less than the total direct payments made by the state or governmental subdivisions to the official.

**107 Reportable income for Chancery and Circuit Clerks**

In the case of chancery or circuit clerks, the net earnings from their office after deduction of expenses shall apply as expressed in Miss. Code Ann. § 25-11-123 (f) (4).

**108 Reportable income for members of the State Legislators**

In the case of members of the State Legislature, all remuneration or amounts paid, except mileage allowance, shall apply.

**(History: Effective August 1, 2011)**

**Part 100 Chapter 65 Earned Compensation for the Public Employees' Retirement System of Mississippi**

**101 Purpose**

The purpose of this regulation is to further define the term "earned compensation" for purposes of reporting compensation to the Public Employees' Retirement System of Mississippi (PERS).

**102 Statutory Definition**
