

## **Chapter 09 Dual Packaging**

- 100 The holder of a manufacturer's or solicitor's permit may submit to the Division certain unit packages consisting of a specialty or novelty item and an alcoholic beverage previously listed with the Division for sale in retailer package stores. Novelty items include, but are not limited to: T-shirts, sportswear, glassware, stoneware, flags, and banners. However, goods subject to spoilage will not be permitted. All products containing dual packaged items must have prior approval of the Division.
- 101 The unit packages shall be assembled prior to shipment to the LDC warehouse and shall be contained in sealed packages. Novelties may not be sold separately but must be sold as a unit in one original, unopened package. Dual package items will not be sold in split cases. The Division will not be responsible for damaged or defective dual packaged products other than alcoholic beverages.
- 102 A Manufacturer or its representative may place a 50 mL alcohol product on the neck of a bottle of another alcohol product in a package store. The 50 mL alcohol product must be a new product and must come through the Liquor Distribution Center and picked up by a broker for distribution. The LDC must receive authorization from the manufacturer which states the product and specific quantity to be removed by the broker for distribution before it may be used in this manner.
- 103 (Reserved)
