

FINAL

Rule 3.3 Deadline to Submit Applications - For pencil-and-paper examinations, all applications that require examinations shall be filed with the Board by December 15 for the April examination and by June 15 for the October examination. Applications received after these dates will be processed for the next scheduled examination.

Furthermore, to allow sufficient time for Board review, all required documentation must be received by January 15 to be considered for an April examination citation and by July 15 to be considered for an October examination citation. Applications that are not fully documented by these dates will be considered for later examinations.

Applications for ***computer-based exams*** may be submitted at any time. Applicants for computer-based exams should allow at least 90 days after the application is completed with all required documentation for the Board to review and officially act upon the application.
