

CURRENT

Part 901 Chapter 9: EXPERIENCE

Rule 9.1 Evaluation of Experience - General, All Applicants- The Board will take the following criteria into consideration when evaluating experience:

1. **Concurrent Time** - Concurrent time, that is, time spent in engineering or surveying work while attending school, will be credited either as education experience or work experience, but not as both; provided, however, engineering students who complete a formal cooperative engineering education (ABET accredited) program of 52 weeks or more will be granted six (6) months of experience credit. Engineering students who complete a formal cooperative engineering (ABET accredited) education program of at least 26 weeks, but less than 52 weeks, will be granted three (3) months of experience credit. No experience credit of less than three (3) months will be granted.
2. **Military Experience** - Military experience, to be creditable, must have been spent in engineering and/or surveying and of a character equivalent to that required in the civilian sector in like work.
3. **Anticipated Experience** - Experience must not be anticipated, that is, the application must not be postdated. The experience must have been acquired at the time the application is submitted.
4. **Actual Work Experience for Initial (first time) Licensure Applicants**
 - a. Qualifying professional engineering experience must be obtained under the supervision of a licensed professional engineer.
 - b. Qualifying professional surveying experience must be obtained under the supervision of a licensed professional surveyor.
 - c. When the Board has sufficient documentation that engineering and surveying experience has been accrued simultaneously, in order to achieve licensures as both a professional engineer and a professional surveyor, a minimum of 5.5 years of experience will be required.
 - d. If the experience was not obtained under the direct supervision of a licensed professional engineer or professional surveyor, then the indirect supervision must be satisfactorily explained with respect to the degree and type of supervision received.

Part 901 Chapter 9: EXPERIENCE

Rule 9.1 Evaluation of Experience - General, All Applicants- The Board will take the following criteria into consideration when evaluating experience:

1. **Concurrent Time** - Concurrent time, that is, time spent in engineering or surveying work while attending school, will be credited either as education experience or work experience, but not as both; provided, however, engineering students who complete a formal cooperative engineering education (ABET accredited) program of 52 weeks or more will be granted six (6) months of experience credit. Engineering students who complete a formal cooperative engineering (ABET accredited) education program of at least 26 weeks, but less than 52 weeks, will be granted three (3) months of experience credit. No experience credit of less than three (3) months will be granted.
2. **Military Experience** - Military experience, to be creditable, must have been spent in engineering and/or surveying and of a character equivalent to that required in the civilian sector in like work.
3. **Anticipated Experience** - Experience must not be anticipated, that is, the application must not be postdated. The experience must have been acquired at the time the application is submitted.
4. **Actual Work Experience for Initial (first time) Licensure Applicants**
 - a. Qualifying professional engineering experience must be obtained under the supervision of a licensed professional engineer.
 - b. Qualifying professional surveying experience must be obtained under the supervision of a licensed professional surveyor.
 - c. ~~When the Board has sufficient documentation that engineering and surveying experience has been accrued simultaneously, in order to achieve licensures as both a professional engineer and a professional surveyor, a minimum of 5.5 years of experience will be required.~~ With reference to Mississippi statutes 73-13-23 and 73-13-77 and Rule 11.18, applicants seeking dual licensure (both Professional Engineer and Professional Surveyor) must meet the experience requirements for each license.
 - d. If the experience was not obtained under the direct supervision of a licensed professional engineer or professional surveyor, then the indirect supervision must be satisfactorily explained with respect to the degree and type of supervision received.
