

FINAL

Rule 11.1 Uniform National Examinations - The Board uses examinations offered by the National Council of Examiners for Engineers and Surveyors (NCEES). These examinations have been developed by appropriate committees of NCEES, staffed by experienced, mature licensees under the guidance of a nationally recognized evaluation organization and professional psychometricians. Each examination has been validated with regard to content, relevancy of problems, and scoring. The Board will use the NCEES recommended cutoff scores for each examination. The phrase “written examination” as used in the Law, is interpreted to include computer-based format examinations.
