

Title 23: Division of Medicaid

Part 224: Immunizations

Chapter 1: General

Rule 1.6: Vaccines for Pregnant and Postpartum Beneficiaries

- A. The Division of Medicaid covers the tetanus-diphtheria-acellular pertussis (Tdap) vaccine for pregnant and postpartum beneficiaries that is Food and Drug Administration (FDA) approved or that follows medically accepted indications and dosing limits supported by one (1) or more of the official compendia as designated by the Centers for Medicare and Medicaid (CMS) when:
1. Administered to pregnant beneficiaries, during each pregnancy, twenty-seven (27) to thirty-six (36) weeks of the treating physician's expected date of delivery, or
 2. Administered to a postpartum beneficiary immediately after delivery only if the beneficiary:
 - a) Did not get a dose of a Tdap vaccine during her pregnancy, and
 - b) Has never received a Tdap vaccine.
- B. The Division of Medicaid does not reimburse a Tdap vaccine administration fee.
