9. Describe reasonable alternative methods, where applicable, for achieving the purpose of the proposed action which were considered by the agency:
There are no recommended alternative methods for maintaining and developing a museum collection.
10. State reasons for rejecting alternative methods that were described in #9 above:
n/a

11. Provide a detailed statement of the data and methodology used in making estimates required by this subsection:

The American Alliance of Museums, who sets the standards of characteristics of excellence for museums in the United States, recommends the following:

- The museum legally, ethically, and effectively manages, cares for, and uses the collections.
- The museum's collections-related research is conducted according to appropriate scholarly standards.
- Guided by its mission, the museum provides public access to its collections while ensuring their preservation.
- The museum is a good steward of its resources held in the public trust.
- The museum is committed to public accountability and is transparent in its mission and its operations.
- The museum complies with local, state, and federal laws, codes, and regulations applicable to its facilities, operations, and administration.
