INTRODUCTION

The Commission on Teacher and Administrator Education, Certification and Licensure and Development was created under the Mississippi Education Reform Act of 1982 and is charged with the responsibility of making recommendations to the State Board of Education regarding standards for the preparation, licensure, and continuing professional development of those who teach or perform tasks of an educational nature in the public schools of the State of Mississippi. In compliance with §37-3-2, Mississippi Code 1972, Annotated, as amended by Mississippi Laws 1997, Ch. 545, the Commission on Teacher and Administrator Education, Certification and Licensure and Development and the State Board of Education have approved guidelines for licensure.

This manual contains information necessary to understand the licensure processes, levels of licensure, and routes to licensure. Proper use of this manual should provide answers to most, if not all, general and specific questions relating to licensure in the State of Mississippi.

<p>GENERAL GUIDELINES MISSISSIPPI EDUCATOR LICENSURE</p>
--

Validity Periods

Licenses will be valid from the day the completed application packet is received and validated by the Office of Educator Licensure. All licenses expire on June 30th of the year of expiration. A five year license issued at any time during the school year shall be valid for five (5) school years including the school year in which it is granted. A school year is from July 1 to June 30.

- For example, a standard license issued January, 2014, (2013-2014 school year), would be valid from the date the completed packet is received until June 30, 2018. The remainder of the 2013-2014 school year is considered a full year.

Renewal of License

Only a five year, standard license is eligible for renewal. Current requirements for renewal of a five-year standard license for each class are as follows:

Class A:

Ten (10) continuing education units (CEU's) in content or job/skill related area

OR

Three (3) semester hours in content or job/skill related area AND Five (5) continuing education units (CEU's) in content or job/skill related area

OR

Six (6) semester hours in content or job/skill related area

OR

Completion of the National Board of Professional Teaching Standards process

Class AA, AAA or AAAA:

Three (3) semester hours in content or job/skill related area

OR

Five (5) continuing education units (CEU's) in content or job/skill related area

OR

Completion of the National Board of Professional Teaching Standards process

Standard Career Administrator:

Seventy (70) School Executive Management Institute (SEMI) credits

OR

Six (6) hours of coursework

OR

35 SEMI credits AND 3 hours coursework

OR

Completion of a specialist or doctoral degree in educational administration/leadership.

When **all** requirements are completed, college transcripts and/or continuing education unit (CEU) certificates may be submitted for license renewal. The college credit courses may be completed on the undergraduate or graduate level with a grade of "C" or higher at regionally/nationally accredited senior colleges, universities, or community colleges. Official transcripts must be submitted in sealed envelope(s) or e-Scrip bearing the seal or signature of the registrar. **The license may be renewed for one five-year period beyond the present**

expiration date. Only credits earned from one expiration date to the next may be used for renewal. Renewal requirements referencing content area courses refer to the area of

endorsement (e.g., mathematics, science, special education, etc.). References to job/skill related area include pedagogy and skills for effective teaching and leadership (e.g., computer technology, cooperative learning, learning styles, methodology, etc.). **Only one renewal method may be utilized during a five-year period.** For a list of CEU providers, go to: [http://www.mde.k12.ms.us/educator-licensure/continuing-education-units-\(ceus\)](http://www.mde.k12.ms.us/educator-licensure/continuing-education-units-(ceus))

The Mississippi Department of Education no longer approves programs for CEU credit. School districts, organizations, or individuals wishing to prepare and offer a program for CEU credit must submit an application to an accredited CEU granting agency. Any Continuing Education Office at a college, university, or community/junior college is an accredited CEU granting agency. Once programs are approved, they may be offered and certificates will be issued to successful participants by the approving agency. **Ten contact hours of professional development is equal to one CEU credit.** **The Office of Educator Licensure does not accept CEU certificates for less than .5 CEU's or five contact hours.** **Official verification of CEU credit(s) must be submitted to document completion of CEU credit(s).**

Through the Educator Licensure Management System (ELMS), educators currently employed by a Mississippi public school district can renew electronically online. CEU's, coursework or National Board used for renewal can be verified by the district administrator. For instructions on this process, go to: <http://www.mde.k12.ms.us/educator-licensure>

SPECIAL NOTE

A grade of "C" or higher must be obtained on all coursework taken for renewal of license, reinstatement of license or the adding of supplemental endorsements. This includes all coursework outlined on planned programs required to convert a special license to a standard license.

Acceptable Degrees or Coursework for Licensure

The Office of Educator Licensure accepts degrees or coursework from any nationally or regionally accredited institution. Accreditation can be checked from the United States Department of Education website (<http://www.ope.ed.gov/accreditation/>) or the Council on Higher Education Accreditation website (<http://www.chea.org/search/default.asp>). Section 37-3-2 of the Mississippi Code authorizes the Certification Commission and State Board of Education to approve all teacher preparation programs for any license in MS. The Commission does not approve programs completed in other states. If a Mississippi educator completes a degree program in another state with the intention of becoming certified, he/she must provide to the Office of Educator Licensure documentation that the out of state program is approved for licensure in that state. An "Institutional Program Verification" form can be accepted as documentation and can be found in the "Paper License Application" packet at (<http://www.mde.k12.ms.us/educator-licensure/licensure-application-k12>).

Name or Address Change

It is the responsibility of the educator to make name or address changes with the Office of Educator Licensure. To do so, the educator can log into the Educator Licensure Management System (ELMS) at: <https://sso.mde.ms.gov/Login/Login.aspx> and edit personal information as

needed. Name or address changes can also be submitted in writing and mailed to the **Mississippi Department of Education; Office of Educator Licensure**; P.O. Box 771; Jackson, MS 39205. If a copy of the license with the new updated information is desired, the applicant must apply for a duplicate license following the process outlined below.

Duplicate License

An individual may request a duplicate copy of a license by applying online and paying with a debit or credit card or by submitting a completed Licensure Application and a \$5 money order (**Personal checks not accepted**) to the **Mississippi Department of Education; Office of Educator Licensure**; P.O. Box 771; Jackson, MS 39205. Download the Licensure Application Packet at: <http://www.mde.k12.ms.us/educator-licensure/licensure-application-k12> or file an online application through the Educator Licensure Management System (ELMS) at: <https://sso.mde.ms.gov/Login/Login.aspx>.

Any offense committed or attempted in any other state shall result in the same penalty as if committed or attempted in this state.

A person may voluntarily surrender a license. The surrender of such license may result in the Commission's recommendation of any of the above penalties without the necessity of a hearing. However, any such license, which has voluntarily been surrendered by a licensed employee may be reinstated by a unanimous vote of all members of the Commission.

Any person, whose license has been suspended on any grounds, may apply for reinstatement of the license after one (1) year from the date of suspension, or after one half (1/2) of the suspension time has lapsed, whichever is greater. A license revoked on criminal grounds may be reinstated upon petition to the Commission filed after expiration of the sentence, parole, or probationary period imposed upon conviction, whichever is shorter. The Commission may require an applicant for reinstatement to furnish evidence satisfactory to the Commission of good character; good mental, emotional, and physical health; and such other evidence as the commission may deem necessary to establish the applicant's fitness to perform the duties authorized by the license.
