Subpart 3-Bureau of Plant Industry

Chapter 08-Pesticide Law

Subchapter 01-Regulations Governing Registration of Pesticides and Pesticide Products

Special Registrations

- 109.01 The Commissioner has authority under FIFRA, Sections 24c and 18, to approve and or seek EPA approval of the use of pesticides or pesticide products for specific uses within the state for special local needs and emergencies to control pest problems and to insure the safety of such pesticides to man and the environment. Pesticides or pesticide products with additional sites of application as approved under provisions of FIFRA shall require registration and the appropriate fees shall be paid. The Bureau of Plant Industry shall follow the guidelines as written and/or prescribed by the EPA in registering such products.
- 109.02 Federal experimental use permits must be registered; however, no fee is necessary unless the product is to be sold to the cooperator or participant in the state. A copy of the EPA approved labeling, permit and restrictions must be submitted with the application for registration. Also, a list of cooperators and participants must be made available to the Bureau of Plant Industry prior to the actual application of the pesticide.
- 109.03 Any 2,4-D or dicamba products labeled and intended for in-crop use on 2,4-D- or dicamba-tolerant cotton or soybeans shall be classified and registered as "state restricted use."
