Dear Sirs:

The election committee did meet at the Town Hall to certify the signatures on the returned petitions running for Mayor and Aldermen were in fact registered voters of the Town of Louin. One petition was turned in for Mayor and six petitions were turned for Alderman. One of the six petitions running for Alderman was disqualified for insufficient amount of signatures. The petitioner had only eight certified signatures. He has been notified by the committee of his disqualification. According to statute 23-15-361, the Town of Louin will not be having an election due to no opposition. At our next regular scheduled board meeting on June 2, 2009, the outcome of our meeting today will be reflected in our minutes and adopted there such. If you need any more information regarding this matter, please don't hesitate to call me at Town Hall.

Sincerely,

Betty M. Dolan,
Town Clerk

On this date the election committee did meet to verify that the signatures on the petitions running for the position of Mayor and Aldermen were in fact registered voters in the Town of Louin.

On the petition of Albert Lee Towner, there were only eight signatures that were verified and therefore he is disqualified for running for the position of Alderman.
