Disciplinary Proceedings

Grounds for Disciplinary Action Against Radiologist Assistants
For the purpose of conducting disciplinary actions against individuals licensed to practice as radiologist assistants, the Board hereby incorporates those grounds for the non-issuance, suspension, revocation, or restriction of a license or the denial of reinstatement or renewal of a license, as set forth in Mississippi Code, Sections 73-25-29 and 73-25-83. As a basis for denial, suspension, revocation or other restriction, the Board may initiate disciplinary proceedings based upon any one or more of those grounds as set forth in Sections 73-25-29 and 73-25-83, and may make provision for the assessment of costs as provided therein.

Hearing Procedure and Appeals
No individual shall be denied a license or have his or her license suspended, revoked or restriction placed thereon, unless the individual licensed as a radiologist assistant has been given notice and opportunity to be heard. For the purpose of notice, disciplinary hearings and appeals, the Board hereby adopts and incorporates by reference all provisions of the “Rules of Procedure” now utilized by the Board for those individuals licensed to practice medicine, osteopathic medicine, and podiatric medicine in the state of Mississippi.

Reinstatement of License
1. A person whose license to practice as a radiologist assistant has been revoked, suspended, or otherwise restricted may petition the Mississippi State Board of Medical Licensure to reinstate his or her license after a period of not less than one (1) year has elapsed from the date of the revocation or suspension. The procedure for the reinstatement of a license that is suspended for being out of compliance with an order for support, as defined in Section 93-11-153, shall be governed by Sections 93-11-157 or 93-11-163, as the case may be.

2. The petition shall be accompanied by two (2) or more verified recommendations from physicians (M.D. or D.O.) licensed by the Board of Medical Licensure to which the petition is addressed and by two (2) or more recommendations from citizens each having personal knowledge of the activities of the petitioner since the disciplinary penalty was imposed and such facts as may be required by the Board of Medical Licensure.

The petition may be heard at the next regular meeting of the Board of Medical Licensure but not earlier than thirty (30) days after the petition was filed. No petition shall be considered while the petitioner is under sentence for any criminal offense, including any period during which he or she is under probation or parole. The hearing may be continued from time to time as the Board of Medical Licensure finds necessary.
3. In determining whether the disciplinary penalty should be set aside and the terms and conditions, if any, which should be imposed if the disciplinary penalty is set aside, the Board of Medical Licensure may investigate and consider all activities of the petitioner since the disciplinary action was taken against him or her, the offense for which he or she was disciplined, his or her activity during the time his or her certificate was in good standing, his or her general reputation for truth, professional ability and good character; and it may require the petitioner to pass an oral examination.
