Short explanation of rule/amendment/pepeal and reason(s) for proposing rule/amendment/pepeal: This regulation amends the code to provide those sales of equipment and materials used and that income from services performed in connection with geophysical surveying, exploring, developing, drilling, redrilling, completing, working over, producing, distributing, or testing of oil, gas and other mineral resources, including overhead services will be taxed at the rate of 4.5%. Lastly, this bill amends the code to remove from the contractor's tax contracts exceeding \$10,000.00 for the redrilling or working over or drilling or completing an oil well or a gas well. The Department of Revenue has created a new permit for these businesses. The permit is not required to make purchases at the reduced rate, but it will simplify the process for vendors and purchasers.

Specific legal authority authorizing the promulgation of rule: Miss. Code Ann. Section 27-65-93, "(1) The commissioner shall, from time to time, promulgate rules and regulations, not inconsistent with the provisions of the sales tax law, for making returns and for the ascertainment, assessment, and collection of the tax imposed by the sales tax law as he may deem necessary to enforce its provisions.
